**Value Based Question**

Q. Ram and his wife recently got married. They live in a small village near Chittorgarh. The village is not large in size and is denied with many opportunities. It has settlements interspersed with many fields. Ram is an agricultural labourer. He owns only 1 hectare of land, where he grows mainly maize or bajra. His life is very tough as whatever crops he grows; all is used up in raising

his family and very little is sold in the market which are held at an interval of every 15 days.

- a. What type of economic activity is Ram involved in?
- b. In which season maize and bajra grown. Discuss its characteristics.
- c. What type of rural settlement Ram and his wife live in? Discuss.
- d. How does he earn his livelihood?
- e. What are the challenges and problems faced by the people in the village?
