

BE A DETECTIVE

Find the tree which is bearing the secret number using the clues below. Put an X on each tree that you think is not bearing the secret number.

CLUES

- The tree with the secret number is not at the beginning of any row.
- The tree with the secret number is not at the end of any row.
- The secret number is not a 1-digit number.
- The secret number is more than 20 but less than 30.
- The tree with the secret number bears the number half of the sum of 20 and 30.

The secret number is _____.

Congratulations !!!! Now make a promise to yourself to adopt the same number of ways as the secret number to help others / to Protect and Save the ENVIRONMENT.

Place Value Snakes

Material reqd : Empty egg carton, Poster Colours, Plastic eyes, 1 A4 size paper (red colour), decoration material, fevicol, plastic pegs.

Procedure – Cut a piece of 5 vertical blocks and invert the first block on top of the 2nd one and paste it for the face. Colour the snake in any colour of your choice. Paste eyes and tongue as shown in the picture. Label the remaining three blocks as Hundreds, Tens, Ones. Put a few pegs in all the blocks to represent a number using the P.V. snakes. Be careful not to put more than 9 pegs in any block.

Now enjoy making as many numbers as you can.

MAGIC STAR

Try writing the numbers 1 - 9 in the small circles on this star.

The total of the numbers opposite each other must always add up to the number in the centre.

Subject EVS

Protect your Environment, Every Girl and Boy
Keep the Earth clean and green. Make it a planet of joy

I. Make Mother Earth Happy

A. List 3 measures each that you as a child can take to save:

- | | |
|----------------|-----------|
| a) water | c) petrol |
| b) electricity | d) trees |

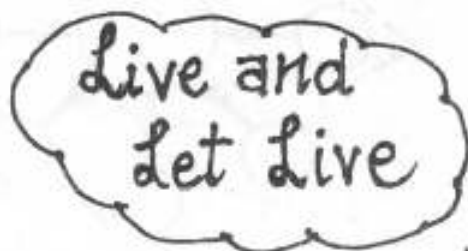

B. Conduct a survey of 5 friends to check how many of them follow these measures in their daily life

Friend's name	Measure taken	Yes	No

II. Treasure the treasures of the Earth

Jimmy in his dream met a tree, a polar bear, a whale and a bird who were pleading for help to save our environment. Pick up the appropriate dialogue and write it in the speech bubbles given

- Human beings are polluting my oceans.
- Oooh! The smoke from the factory chimneys is polluting the air!
- I must run or this garbage will destroy me!
- These humans are cutting down the trees. Soon there will be no forest left.
- With the temperatures on the Earth rising, the polar ice-caps are melting!

III. Think Green, Go Green, Plant Green,
Stay Evergreen.

Colour the picture with different shades of green and give an appropriate caption to the poster.

A rectangular box for writing a caption.

IV. Reduce , Reuse

You can make a Difference !

Jimmy saw a Blue and a Green colour bins in his colony which said help us to manage the waste of your house .So he went home and made a list of things in the garbage bin of his house. Help him to separate the waste and put them in the right bin.

Poly bags , broken glass , egg shells , coke tins, plastic bottles, Paper napkin
Aluminium foil , dry flowers , vegetable peels , ,
pencil shavings , broken pens , paper clips , toffee wrapper ,
jute sack , rags, old CDs , food leftover , plastic toys

V Recycling can be a fun activity

- Collect old newspapers.
- Soak them in water for 3-4 days.
- Mix the paper pulp with some clay and fevicol.
- Knead the mixture into dough
- Now use this dough for making decorative things like pen stand masks etc. This technique is called Paper-mache

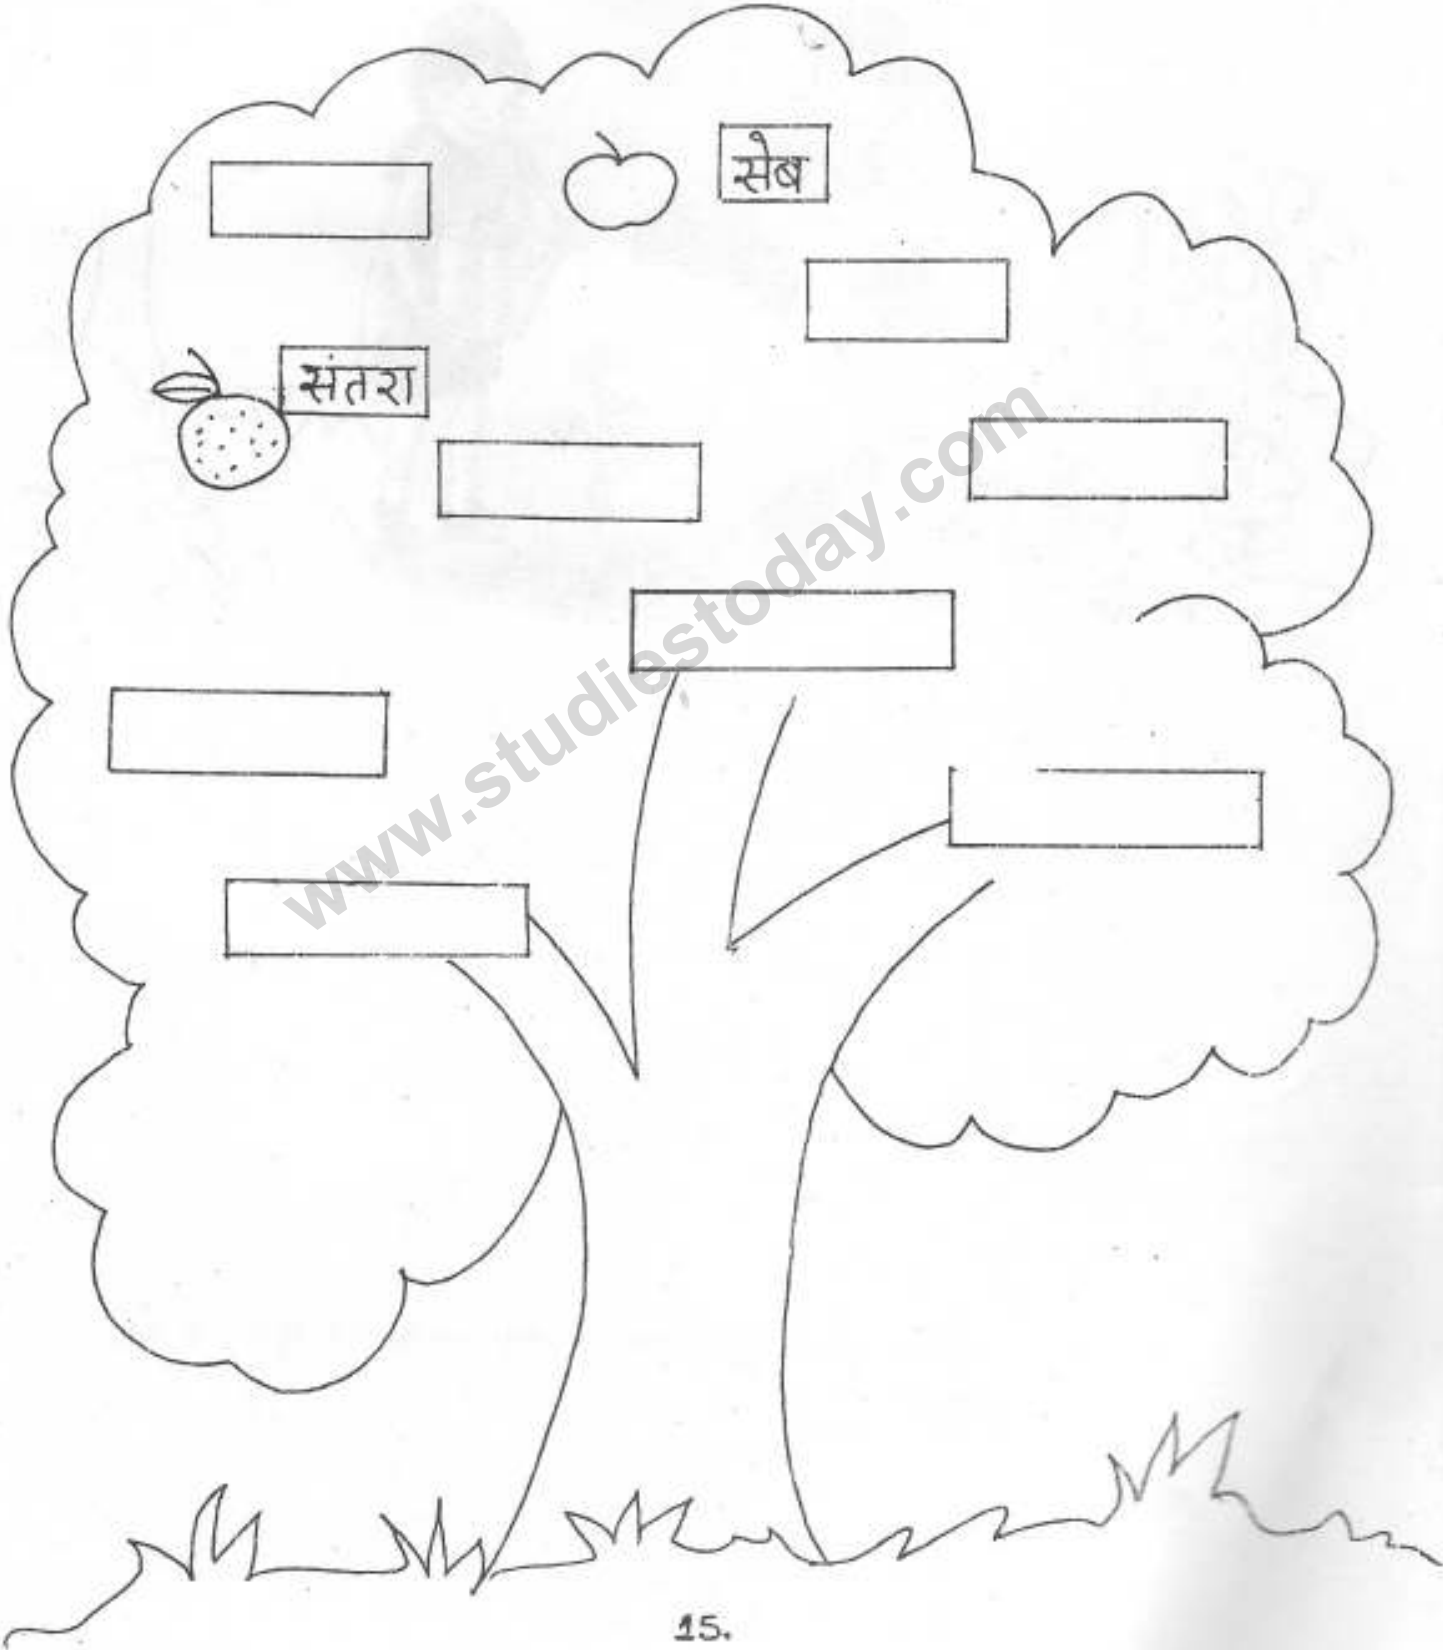

VI. Grow Your Own Flowers

All you need is an egg carton (cardboard), potting soil and some seeds. Place some soil at the bottom of each of the compartments of the egg carton. On top of the soil place a couple of seeds. Then cover them with a thin layer of soil. Place the egg carton in a sunny location, such as a window. Water the seeds just enough to keep the soil damp. When the seeds have sprouted and each plant has two leaves, take the carton outside and plant the whole thing in the ground. The egg carton will decompose and you'll have beautiful flowers to enjoy throughout the summer!

हिंदी

अच्छी चीजें देने वाला पेड़

1. पेड़ पौधों पर उगने वाली चीजों का चित्र इस पेड़ पर चिपकाएँ या बनाएँ और उसमें रंग भर कर उनका नाम भी लिखें।

2. गरमियों की छुट्टियों में सभी बच्चे अपनी पसंद का काम करना चाहते हैं। इन बच्चों ने भी अपने लिए कुछ चुना है। नीचे दिए चित्र को ध्यान से देखें व बताएँ कि ये बच्चे क्या कर रहे हैं।

3. वृक्षों की सूखी या टूट कर गिरी पत्तियों का उपयोग कर के किसी भी पशु या पक्षी का चित्र बनाएँ।
