

Class-VI L-9

The Living organisms and their surroundings

1. Fill in the blanks ____
 - a) The surroundings where organisms live is called _____.
 - b) Ponds and lakes are examples of _____ habitat.
 - c) Air, soil and water are _____ components.
 - d) _____ is an example of desert plant.

2. MCQ - Tick (✓) the correct option ____
 - I Which of these is not a natural habitat

a) Sea <input style="width: 40px;" type="checkbox"/>	c) Desert <input style="width: 40px;" type="checkbox"/>
b) Zoo <input style="width: 40px;" type="checkbox"/>	d) Mountain <input style="width: 40px;" type="checkbox"/>

 - II Which of these is not an adaptation of aquatic animals _

a) Crills <input style="width: 40px;" type="checkbox"/>	c) Fins <input style="width: 40px;" type="checkbox"/>
b) Slippery skin <input style="width: 40px;" type="checkbox"/>	d) Padded sole <input style="width: 40px;" type="checkbox"/>

 - III Biotic component among the following is --

a) Sunlight <input style="width: 40px;" type="checkbox"/>	c) Water <input style="width: 40px;" type="checkbox"/>
b) Plant <input style="width: 40px;" type="checkbox"/>	d) Air <input style="width: 40px;" type="checkbox"/>

 - IV The ability of an organism to move from one place to another is called

a) Locomotion <input style="width: 40px;" type="checkbox"/>	c) Development <input style="width: 40px;" type="checkbox"/>
b) Growth <input style="width: 40px;" type="checkbox"/>	d) Response <input style="width: 40px;" type="checkbox"/>

 - V Animal produce their young ones through eggs _

a) Hen <input style="width: 40px;" type="checkbox"/>	c) snake <input style="width: 40px;" type="checkbox"/>
b) Sparrow <input style="width: 40px;" type="checkbox"/>	d) All of these <input style="width: 40px;" type="checkbox"/>

 - VI Plants breathe through

a) Roots <input style="width: 40px;" type="checkbox"/>	c) Leaves <input style="width: 40px;" type="checkbox"/>
b) Buds <input style="width: 40px;" type="checkbox"/>	d) Flowers <input style="width: 40px;" type="checkbox"/>

3. List any three characteristics of living things?

.....

.....

.....

4. Name the organ through which fish breathes?

.....

5. Write biotic components of the habitat?

.....

6. Write abiotic components of the habitat?

.....

7. Give two examples each of following ____

- | | | | |
|----|-------------------|-------|--------|
| a) | Marine animals | |, |
| b) | Desert animals | |, |
| c) | Desert plants | |, |
| d) | Mountain animals | |, |
| e) | Floating plants | |, |
| f) | Grassland animals | |, |

8. Draw a desert plant or a marine animal _
