

DELHI PUBLIC SCHOOL, JAMMUJ

REVISION SHEET

II

(Affiliated to CBSE, code 730025)

Session 2014-15

Topic :- land and interior of the earth, processes changing the earth, Air on the move,  
Moisture in the air

Class-VII

Sub Geography

Name- \_\_\_\_\_

Choose the correct answer:

1. The earthquake in bhuj (Gujarat) occurred in \_\_\_\_\_  
(a) 2001      (b) 2002      (c) 2003      (d) 2004
2. The point where the vibrations originate is called the \_\_\_\_\_ of the earthquake.  
(a) Epicentre    (b) focus      (c) centre      (d) crater
3. Old and coarse alluvial soil is known as \_\_\_\_\_  
(a) Bangar      (b) khadar      (c) silt      (d) None of these
4. The removing of fine particles of soil is called \_\_\_\_\_  
(a) Overgrazing      (b) soil erosion    (c) weathering process    (d) None of these
5. Which of the following instrument is used to measure the atmospheric pressure  
(a) Anemometer      (b) wind wave    (c) beau fort scale      (d) Barometer
6. Monsoons are \_\_\_\_\_  
(a) permanent    (b) period winds      (c) sea breeze    (d) land breeze
7. Evaporation takes place more quickly in the \_\_\_\_\_  
(a) higher latitudes    (b) lower latitudes    (c) All over the land area    (d) None of the above.
8. which of the following is not a form of precipitation ?  
(a) hail      (b) fog      (c) drizzle      (d) snow fall

DELHI PUBLIC SCHOOL, JAMMU

REVISION SHEET

## Short answer questions

1. Name the different forms of condensation and precipitations.
2. Write any two measures for the conservation of soil.
3. What is a katabatic wind?
4. Name the three types of volcanoes

## Long answer questions

1. What is the difference between Evaporation and condensation (any 4 points)
2. What is periodic wind? Name any two of them and explain it.
3. Describe the interior of the earth.
4. What is the role of man in changing the land surface.
